WRAIR #2253

Version 1.0 15 July 2015

Now Seeking Healthy, Active Duty Military, Volunteers (Ages 18-60) for a Clinical Research Study!

This study will help us understand how people respond to malaria drugs differently

Phase 1 Duration = 1 clinic visit

Phase 1 visit includes:

- A detailed explanation of the study
- A one time blood draw
- Financial Compensation

If eligible, you may be asked to participate later in Phase 2, which extends over 2 days.

For more information, call the WRAIR Clinical Trials Center at 301-319-9331 or email us at usarmy.detrick.medcom-wrair.mbx.clinical-trials@mail.mil
